SENT BACK TO JAIL.

Ulsterville Robbery Suspects Held for Grand Jury.

LARGE CROWD AT THE FINAL HEARING

Court Held in Open Air—What Some Witnesses Testified To—A Burlingham Man and the Varied Entertainment He Provided.

The four men charged with robbing David McElhone and Oscar Moffatt, at Ulsterville, were again arraigned before Justice of the Peace Case Martin, in an orchard at New Prospect, Wednesday afternoon. The suspected men are James and Samuel Neely and George and Eli Storms, the first of Ulsterville and the others of Walden.

The attendance was even larger than on the previous hearing. At its conclusion Judge Martin held the four for the grand jury, on a charge of assault in the first degree. The men were returned to Kingston jail.

The witnesses against the men were Mr. McElhone, Mr. and Mrs. Robert McKegg, Mail Carrier Palmer and a farmer named Miller, who testified to seeing the Neelys at one time or another on the Sunday of the robbery.

A man named Rouk gave important testimony to the effect that he had found, not far from the McElhone house, a paper bag with "Storms" printed on it, and egg shells, showing that some one had lunched in the secluded spot where it was found.

Mail Carrier Palmer, who lives at Crawford, also testified that the Neelys took dinner with him on the Sunday on which the crime was committed.

A man named Freer, living in the vicinity of Crawford, testified that he saw four men standing on a bridge on the road leading to Ulsterville, and he recognized the two Neelys in court.

Another witness named Munn testified that he met the Storms boys that Sunday on the road from Walden. That he knew them because he lived near them at Kerhonkson at one time. They passed him without speaking though he is positive they recognized him.

The community about Ulsterville is positive that the right parties have been captured.

The Kingston *Leader* in its account of the hearing says:

Although the crowd was not so large as at the first hearing, when five men stood on one chair in order to see and hear, to the utter ruin of the chair, it was an interesting and amusing gathering. Not less than 200 rigs of all kinds, ranging from fancy cuppges to milk wagons drawn by mules, filled the capacious church sheds and were strewn along the fences. Fully a thousand persons were in attendance and in a crowd of that size one is certain to find queer characters. One of these Bill, who hailed from Burlingham, was nearly seven feet long and had brought a jug of corresponding proportions with him across the Orange county line from Pine Bush. Shawangunk being a "dry" town. Bill began operations by starting out to fight with a neighbor. Jailer Smith chided the two for their pugilistic inclinations and told them it would be better to kiss and make up. Throwing their arms around one another's necks Bill and his friend proceeded to take Mr. Smith's advice. "That's better," said he, "now kiss again." They did, and the smack was so loud that it disturbed the court and caused half of the spectators to stampede in the direction whence it came. Then the squirrel whiskey which Bill had imbibed began its work and he was seized with a desire to jump—especially was he anxious to jump over something. A rope had been stretched across the gateway to the orchard in which the court was held, in order to keep the fool with the horse, who is always present on such occasions, from running down the crowd. This Bill leaped repeatedly. Then he wanted to bet "money or rum" that he could leap the rope again. But the squirrel whiskey failed to do its work properly at a critical moment. Bill's foot caught, with a crash the post that the rope was tied to fell and Bill struck on his head and landed with his head bent over back so that it rested between his shoulders, back of the head against his body and face on the ground. No man not under the influence of squirrel whiskey could have taken that fall and escaped breaking his neck. But Bill jumped up and marched off up the road, followed by a crowd. Around the corner he succumbed and dropped by the roadside unconscious. He was carried back in the shade and another Burlinghamite ministered to him. "Bill, oh Bill, can you speak? Do you re-cog nize me?" he asked. "Willie boy, oh Willie boy, can't you sit up?" He punctuated these remarks by dealing Bill a series of terrific whacks on the stomach. Finally Bill recovered sufficiently to be loaded on his wagon and headed for Burlingham. Bill's other name is unknown to the writer, but he certainly was the star performer of the day.

HANDSOME FUNERAL CAR.

F. O. Rockafellow Has One of the Finest If Not the Finest, in Orange County.

One of the most beautiful funeral cars ever constructed has just been received by F. O. Rockafellow of this city. It is of the style known as the Trinity, and is probably the finest vehicle of its kind now in existence. It was built expressly for Mr. Rockafellow by James Cunningham, Son & Co. of Rochester, and was secured through the agency of the Middletown Wagon Company. It is equipped with rubber tires, and, although very heavy, is almost noiseless in action.

The finish and design of the car embody many of Mr. Rockafellow's own ideas and suggestions. The inside of the car is of polished mahogany and is equal to the finish of Pullman cars. Silver spray ornaments set off the interior.

The carving is highly artistic, and is in the form of a vine. On this particular branch of the work, expert workmen were engaged several months. Though elaborate and finished in everything, the car is appropriately somber and chaste. The decoration throughout is magnificent. On brackets on each side of the seat are suspended solid silver lamps, designed especially for this vehicle. The side steps and hub bands are of the same material, as are also the interior railings and posts. The heavily draped hammercloth seat, artistically arranged, presents a handsome effect. The interior decoration is of tufted silk with a draping of hammercloth.

Sidney Evans, who is a funeral director at Salt Lake City, stopped at Rochester on his way home and purchased a hearse exactly like Mr. Rockafellow's.

DOG DAYS ARE HERE

Trouble Ahead for Dogs Not Registered and Tagged.

THE ORDINANCE WILL BE ENFORCED.

All Unlicensed Dogs to Be Netted and Impounded and Killed Unless Redeemed—Tax Not Yet Paid on Many Dogs.

Look out for your dog!

If you have failed to put him on record on Capt. Veber's book and to put a proper collar and tag on him, you're liable to see him fitted into a pound wagon and taken away to the pound to be killed if not redeemed and licensed according to the prescribed regulations.

Dog owners came in rapidly Wednesday night, the last night before the ordinance went into effect, and when Recorder Barnes wagered the Captain a cigar that there would not be 200 dogs registered the Captain had a cinch.

In all 283 dogs were registered, comprising all imaginable breeds and a great many dogs of no breed at all. Each dog's name was taken and a receipt was given the owner.

To-day there is trouble in dog society. The "upper ten," with their dangling tags, are inclined to look over the "lower five," who are unconsciously staring death in the face, and who need sympathy and not disdain. Some of the "upper ten" dogs—just as any other "upper tenners," are willing to run the risk of their position by association with "good fellows" or "snappy girls" in the "lower five." They may get in the same net which awaits the "lower five."

This net is not new. It is a contrivance that is used now in Philadelphia, and of course is behind the age. It is a net with a hoop at the entrance and a five foot bag. The thing is fastened to a pole, and when the dog catcher comes along with his crate of captured dogs he creeps up behind the unsuspecting degenerate and drops the hoop over him. The dog leaps into the net bag, the hoop is turned and doggie is fast. He is then dumped into the crate and the trip to the pound is resumed.

It is estimated that when the police get this system in good working order that there will be so many dog fights riding around town that all interest will be lost in them.

It is intended to have the pound on one of the Centre street lots, and the dog catching will be done by members of the police force. It will be a decided change from the monotony of every day police life, and the officers are awaiting the fun with enthusiasm.

REVOLUTIONARY RUMORS.

Reported Collection In Havana to Aid Rebellion.

HAVANA, June 1.—The military administration has been informed that a conspicuous leader of the late military assembly recently collected a sum of money from a wealthy Spanish merchant in this city, representing that it was a contribution to a revolutionary fund. The merchant gave the money on the assurance that it would secure him a favorable status with the possible future government. Then, in order to secure favor with the Americans, he revealed to them what he knew. The extent, design and cause of the rebellion are only known to the Americans through this informant, and whether there is any further foundation for the suggestion cannot be ascertained from the merchant, as he was told that nothing would be attempted for several months.

Major General Leonard Wood, who recently visited distant portions of the province of Santiago, says he was astonished at the progress that has been made there since the end of the war. Brigandage has been almost entirely suppressed, which is marvelous, considering the length of the war and the wildness of the country. He believes that few races under such temptations can show such a record in similar conditions, as usually after all guerrilla warfare brigandage follows inevitably.

The payment of the Cuban troops continued yesterday at Santiago de las Vegas under the supervision of Colonel Randall, 109 men receiving $75 each. Twenty-one applicants, who had no arms and who did not furnish the necessary identification, were refused payment. The arms surrendered were delivered by Colonel Randall to the alcalde. Colonel Randall and the pay train left in the evening for Melena, where payment will be continued.

General Esquerra, commanding the Cubans near Cienfuegos, has secured positions and holdings of land for 500 of his men, among whom there is a general determination to refuse to accept the American gratuity or to surrender arms.

According to advices from Nuevitas the Third Cuban corps has made a similar decision.

D'ARCOS IN WASHINGTON.

Spain's New Minister Arrives—Formal Presentation Tomorrow.

WASHINGTON, June 1.—The new Spanish minister, Duke d'Arcos, and the Duchess d'Arcos arrived here at 6:10 o'clock last evening, and for the first time since Minister Polo demanded his passports and retired just before the outbreak of war the Spanish government was directly represented in Washington by one of its own countrymen. Accompanying the duke were Secretaries Riano and Pastor. The Spanish party was met at the depot by a small party of intimates. There was no effort at a demonstration.

The duke and duchess, accompanied by Mrs. Mackay-Smith, drove to the Arlington hotel. The minister noted with satisfaction that the flag of Spain was flying over the hotel in honor of his coming.

The new minister will first call upon the secretary of state and leave a copy of the credentials which he will present later to the president. The formal presentation at the White House is likely to take place tomorrow just before the cabinet meeting.

In case it can be arranged the presentation of Mr. Bellamy Storer, the new United States minister to Spain, will take place at Madrid on the same day that the Spanish minister is formally received by the president at Washington. Mr. Storer is now on his way from Paris to the Spanish capital.

COMMISSIONERS OF CHARITY.

Regular Monthly Meeting—The Board's High School Bond to Be Cancelled.

The Commissioners of Charity held their monthly meeting at the Common Council rooms Wednesday night. A full Board was present—Mayor Elwood, Supervisors Wallace, Boyd, Iseman and Wood.

General Lyon Post reported soldiers' relief granted in May $52.90. The Post was allowed $50 for relief in June.

The superintendent of the poor reported that he had disbursed $280.59 in May. The ambulance had been out five times at a cost $5.

The routine business being concluded Mr. Boyd offered the following:

Resolved: In view of the fact that legislation has made excise moneys applicable to the payment of school bonds, and this Board owns a bond inventoried in the May report last March at $11,627.38, that said bond be cancelled and surrendered to the city clerk as fully discharged and treasurer take credit in his finances with said sum of $11,627.38.

This matter had been discussed in all its bearings at the May meeting, and the discussion was renewed. Mr. Iseman, Mr. Wood and Mayor Elwood favored the cancellation of the bond, and Mr. Wallace spoke in opposition, saying that it should be kept as an asset of the Board for money could be borrowed upon it if necessary.

Mr. Wallace voted no on the resolution and all the other members aye, and the bond will therefore be cancelled.

Treasurer Iseman had been notified by the city treasurer that he had $11,800 excise moneys sent him by County Treasurer Mead. On motion of Mr. Wallace it was voted to make requisition for this amount, and deposit it in our city banks on interest-bearing certificates.

With this income and the $6,000 already on hand the Charity Board can pay the $12,000 school bonds and interest coming due in November. This will leave only $12,000 unprovided for.

OFFICIAL CITY PAPER.

THURSDAY, JUNE 1, 1899.

The newspapers are agreed that the punishment for child stealing is entirely inadequate and should be increased to life imprisonment or death; which is all right enough provided you can first catch your kidnapper.

McKinley's order taking about 5,000 places in the federal service from under the protection of the civil service laws was issued most opportunely for Senator Hanna in his fight for the control of the Ohio State convention. He and his allies were able to promise patronage in unlimited quantities to wavering or hungry delegates, and they made the best possible use of this most persuasive and most convincing argument.

The Republican State Convention in Ohio consists of 813 delegates and the seats of 208 are contested. This means that in over one-fourth of the Congressional districts in the State there were fights for delegates, so bitter that they they did not end with the local conventions. All of which is of interest as showing how furiously harmony rages in Hanna's State and how restive Ohio Republicans are under his rule.

Unexpectedly large internal revenue receipts made it possible for the treasury to show a surplus of $4,277,013 for May, and to cut down the deficit for the year to $104,918,980. Secretary Gage is hopeful of being able to get through the next fiscal year without a deficit, but the war has put the government's expenditures on such a lavish basis, especially in the matter of naval construction, that it is likely to be many years before the internal revenue taxes, levied ostensibly as a matter of military necessity, are abolished.

The President has asked Gen. Otis to state how many more soldiers he needs to carry his campaign against the Filipino insurgents to a successful conclusion and to establish peace and order in the islands. Unless he asks for an unexpectedly large number of men a call for volunteers will not be made, for it is believed that enough troops can be provided from the regulars. The administration has, however, made up its mind to give Otis all the men he wants, and if regulars cannot be sent a call for volunteers will be made.

Gov. Roosevelt by jamming the franchise tax bill and its amendments through the legislature has shown what he can do when he makes up his mind to try. A fractional part of the energy and determination shown in the franchise tax matter, if directed toward the prosecution of those guilty of the canal frauds, would free the State from the disgrace of having such a colossal steal covered up and condoned for partisan ends, and would be a tardy fulfillment of the Governor's often reiterated promise to do his duty to the people in the canal matter without fear and without favor.

It was reported in New York, Wednesday, that Wilson and Costello, two of the Republican members of the Mazet committee, are heartily sick of its so-called investigation and almost ready to vote with the Democratic members to end the farce. They see that Moss, the hired inquisitor, has no facts on which to proceed and is blindly groping for a lead, and to that end is swearing all sorts of disreputable characters with grievances or trying to bulldoze something out of the police or city officials. Thus far he has got the worst of it with the latter class of witnesses, and a few such rakings over as he got, Wednesday, from Police Captain Price would probably quench entirely his ardor as an investigator.

The women of Illinois are concerned enough to believe that they can accomplish what the men have failed to do,—secure an improvement of the roads of the State, which are probably the worst in the union. They have divided the State into districts and propose to hold meetings to work up public sentiment in favor of road improvement. All attempts to secure legislation in favor of better roads have failed because of the opposition of legislators representing rural constituencies, for they insisted that the farmers of the State were already taxed to the limit and that no matter how desirable road improvement might be the farmers could bear no heavier tax burdens. Realizing, therefore, that rural communities offer the most inviting field for missionary effort in the good road cause, the Women's League for Road Improvement will devote its best efforts to demonstrating to the farmers of the State that good roads will put dollars in their pockets for every cent that their construction takes out.

A CLEVER CAPTURE.

Officers of the Hospital Ship Relief Taken by Filipinos.

GILMORE AND HIS MEN ARE WELL.

Friendly Natives Report a Reign of Terror In Sections Where American Troops Have Been Withdrawn—Otis Makes Report.

MANILA, June 1.—The officers of the hospital ship Relief captured by Filipinos Tuesday are Third Officer Fred Heppy and Assistant Engineer Charles Blandford.

The Relief lies in front of the city. The officers rigged a sail on one of the ship's boats and went sailing along the shore on the south opposite the insurgent lines.

The boat became becalmed near the shore, and some native canoes with Filipinos on board put out and captured the two men, who were unarmed, and also took possession of the boat.

The United States turret ship Monadnock quickly sent a boat with a landing party ashore under cover of her guns and shelled the shore briskly.

The natives, however, rushed the prisoners into the woods before the Monadnock's boat reached land.

Persons on board several other ships saw the affair through glasses, but were unable to prevent the capture of Messrs. Heppy and Blandford.

Friendly natives arriving here from the country around San Isidro and San Miguel report that a reign of terror has prevailed since the American troops were withdrawn from those parts of the islands. The insurgents who are returning there deal vengeance upon their countrymen who have shown any friendship toward the Americans during the latter's occupation of the territory. The friendlies declare unoffending people are being murdered daily and that their houses are being burned and their property confiscated.

GENERAL OTIS' REPORT.

He Corrects Some False Impressions In Regard to the Philippine War.

WASHINGTON, June 1.—The secretary of war has made public the report of General Otis, mailed from Manila, transmitting the reports of his subordinate officers on the operations around Manila up to April 6. General Otis begins with this statement:

"These military operations are fairly well presented in the reports, and I have little to add thereto, but desire particularly to call attention to the rise and development of conditions and circumstances which resulted finally in war. This I deem to be essential in order to correct the somewhat prevailing impression that the government of the United States is responsible through deceit or wrongful action for the present existing hostilities."

To this end he gives a short summary of the Philippine insurrection against Spain, laying stress on the fact that a small band of the natives of Luzon, leaders of the rebellion of 1896 against Spain, were induced for a monetary consideration to leave the island. These men returned to the vicinity of Manila after the destruction of the Spanish fleet there, being, as General Otis says, "encouraged without authority to attempt the organization of what they were pleased to denominate an independent government for the Filipino people."

General Otis tells of the landing of Aguinaldo from an American vessel and of the insurgents taking advantage of the active hostilities between the United States and Spain to capture southern points and increase their strength. Independence, General Otis says, was proclaimed by Aguinaldo in August, and as early as June he had warned the United States authorities against the landing of its military forces on Philippine soil without first obtaining his consent, because, as he expressed it, "the Philippine people might consider the occupation of Philippine territory by North American troops a violation of their rights."

General Otis adds, "When the United States forces landed from their transports near and to the south of Manila for the purpose of attacking the city, the fiction that they were acting as allies of the insurgents and in furtherance of Philippine independence appears to have been conveyed by insurgent leaders."

General Otis describes Aguinaldo's efforts to strengthen his lines in preparation for hostilities with the United States during this time and explains the growth of the insurgent independent movement by stating that in the absence of Spanish authority many able and conservative Filipinos gave adherence to this seemingly de facto government. Many of these withdrew their adherence when the radical element declared its hostility to the United States.

Gilmore and Other Prisoners Well.

WASHINGTON, June 1.—The following dispatch, received by the navy department, is the first direct news of Lieutenant Gilmore that has been received for more than a week. It is taken by the department as a hopeful indication of his situation:

"Manila, May 31.—Escaped Spanish prisoner reports seeing Gilmore and some sailors well. Gilmore allowed horse.

The Derby Winner.

LONDON, June 1.—The Derby, otherwise the two hundred and nineteenth renewal of the Derby stakes, was run yesterday at Epsom and was won by Flying Fox by two lengths in 2:24 4-5. Damocles was second, Innocence third and My Boy fourth. Twelve horses ran. The betting was 5 to 2 on Flying Fox, ridden by Cannon; 15 to 1 against Damocles and 50 to 1 against Innocence. Holocauste, who entered the straight in second place, there broke his leg. Tod Sloan was uninjured and walked back to the weighing room, escorted by policemen.

Buffalo Grain Shipments.

BUFFALO, June 1.—Receipts of flour and grain at this port for the month of May show a big decrease compared with last year, owing chiefly to the late opening of navigation and the strike on the docks. Flour receipts for the month were 812,526 barrels as against 1,525,431, and wheat 23,231,035 bushels compared with 28,457,840 bushels. The east bound shipments by rail show a still larger decrease. In May this year 15,156,000 bushels of grain went by rail against 27,594,250 bushels last year.

Transport Meade Repaired.

WASHINGTON, June 1.—Quartermaster Ludington has received a cablegram from the chief quartermaster at Ponce, Porto Rico, announcing that the transport Meade, which has been delayed there by knocking a hole in her bottom, is at last ready for sea and will sail today with the Nineteenth infantry aboard for New York. The Nineteenth is ordered to Camp Meade, Pa.

The Queen's Eyesight.

LONDON, June 1.—The British Medical Journal says it has the best authority for stating that the alarmist reports in regard to Queen Victoria's eyesight are erroneous and that the rumors of a contemplated operation on her majesty's eyes are mere inventions.

Chicago and Northwestern Wreck.

CHICAGO, June 1.—Last night the Chicago and Northwestern limited train, west bound, crashed into a freight engine at Desplaines, 12 miles west of Chicago, demolishing both locomotives, killing an unidentified colored man and injuring four trainmen, Fireman Arnold of the freight engine and three brakemen.

Prince of Wales Gives a Dinner.

LONDON, June 1.—The Prince of Wales gave a dinner party last evening at Marlborough House, London, to the Jockey club. The guests included the Duke of Connaught, the Duke of York, the Duke of Cambridge, Prince Christian of Schleswig-Holstein and most of the aristocratic members.

Nature's Remedy

We nearly all live artificial lives. There is hardly a law of physiology that we do not break every day. Under these conditions it is impossible for any one to be absolutely well. Nature needs some help to effectually ward off disease—something to strengthen the vital functions—something to help her remove the worn-out tissues. One of

BRANDRETH'S PILLS

taken every night will do this. They keep the skin clear, the eye bright, the appetite good and never become inured to the system. They are made of well-seasoned drugs and kept two years before selling. They are the safest medicine to take yourself and the safest to give your children. Sold throughout the world, both sugar-coated and plain.

CIVIL SERVICE CHANGES.

The President's Recent Order Explained by Secretary Gage.

WASHINGTON, June 1.—Secretary Gage, in commenting on the president's recent civil service order, said:

"The president has not made a change in the civil service rules that was not urged by the head of the department concerned and urged with satisfactory reasons why the change would not be beneficial to the transaction of public business. I believe that is true of all the departments. While I cannot speak with authority of other departments, it is certainly true with the treasury. No change was made in the civil service regulations affecting the treasury that we did not recommend to the president on our own initiative.

"The order is not yet well understood, nor have the reasons for the changes which the experience of administration may explain been comprehended by persons not close to the administration of public affairs.

"The only large class of places in the treasury service which have been exempted are the deputy collectors of internal revenue, and politics has had nothing to do with that exemption. I have given the question the most careful study, and I do not believe it was either lawful or just to have the places of deputy collectors of internal revenue included in the classified service.

"Another class of exceptions has been the private secretaries to certain bureau heads. The list is not a long one, and it is not the character of place which will be opened to political pressure. A man should be free to choose his confidential secretary.

"The exceptions in the Alaskan service have been made necessary by the great distance from Washington and the time consumed in making certificates and appointments.

"It should be noted that in the case of nearly all these excepted places, with the exception of private secretaries, it is provided that the person appointed must successfully pass an examination equivalent to the one held by the commission for positions of like character. There is no letting down in the requirements for ascertained fitness and, in my opinion, there will be no deterioration in the qualifications of people appointed."

CONFERRING WITH KRUGER.

Governor General Milner Given an Enthusiastic Reception.

BLOEMFONTEIN, Orange Free State, June 1.—Sir Alfred Milner, governor general of the Cape Colony and British commissioner in South Africa, and President Kruger of the South African Republic have arrived here for the purpose of holding a conference.

President Kruger, replying to an address by the town council, said that he and his advisers had come here to work for the welfare of the whole of South Africa. He would, he said, discuss "all, all, all" questions not affecting the independence of the Transvaal. President Kruger spoke with great emphasis, laying special stress upon the thrice repeated "all."

When Sir Alfred Milner arrived, President Steyn and the members of the cabinet of the Orange Free State were at the railway station to welcome him. Salutes were fired and the British national anthem was played.

Mrs. Stanford's Gift.

SAN FRANCISCO, June 1.—Mrs. Jane L. Stanford, widow of Leland Stanford, has executed deeds conveying to Stanford university the bulk of all her wealth, consisting principally of stocks and real estate, for the improvement and perpetual maintenance of that institution. Deeds were placed in the keeping of Judge Lieb, president of the board of trustees, and they will be recorded today with the clerk of Santa Clara county.

Another Strike at Buffalo.

BUFFALO, June 1.—With the exception of a few men at the Central freight house all the freight handlers on the docks went on strike again at 6 o'clock last night, 2,000 men being involved. The strikers held a meeting at 8 o'clock, and it was announced that if their grievances were not settled today the grain shovelers would quit work in sympathy with them. The scoopers' organization was represented at the meeting by a committee.

Shot His Parents and Himself.

MAYVILLE, Mich., June 1.—George Stalker, aged 23 years, shot his father twice, his mother once and then sent a bullet into himself. It is thought that the father and mother will recover. Stalker died half an hour after shooting himself. Young Stalker had been drinking, and his parents were remonstrating with him for quarreling with a neighbor. He had made frequent threats of shooting his parents before.

There is no "patent" about the CHILTON PAINT nor are there any secret processes. Any one having the requisite amount of capital and proper machinery can make just as good paint, provided the right disposition is there. This "disposition" is what is lacking. It has been the disposition of the Chilton Company to always make as good an article of paint as it was possible to turn out, regardless of expense, and it is due to this same "disposition" that it is a fact that more CHILTON PAINT is used in the section of country where it is known than of any other paint.

If your dealer will not furnish it, write direct to the CHILTON MANUFACTURING CO., 60 Cortland street, New York city, for color cards and prices.

The Disarmament Committee Meets Without Result.

AMERICAN PLAN FOR ARBITRATION.

Provides For Tribunal When Nine Powers, Eight of Whom Shall Be European or American, Shall Adhere to the Convention.

THE HAGUE, June 1.—Both sections of the disarmament committee met yesterday and, as was anticipated, failed to agree with regard to the questions of new inventions in armaments.

The drafting committee of the arbitration committee made some advance in the afternoon. The American delegates submitted their scheme relating to an arbitration tribunal. The plan differs from the British proposal. It provides that each country shall appoint a single arbitrator to be selected by the supreme courts of the signatory powers. The tribunal shall have a permanent central seat and be composed of at least three judges, who shall not be natives or residents of countries belonging to the powers in dissecord.

The general expenses shall be shared proportionally. In the event of new facts arising within three months of a decision the same tribunal shall have power to try again the questions in dispute. Recourse to the tribunal shall be optional for the signatory powers. The tribunal shall not take cognizance of any dispute until assured that the parties concerned will accept its decision.

The convention shall come into force and the tribunal be established when nine powers, eight of whom shall be European or American and four of whom shall be signatories of the declaration of Paris, 1856, shall have adhered to the convention.

Apart from the above project the Americans proposed a special scheme of mediation, providing that in the event of a difference arising between two powers each shall choose another power to act as its second. The powers thus selected shall do all they can to reconcile the opponents. These seconding powers shall, even when war has broken out, continue their efforts with a view of ending hostilities as soon as possible.

American Plan Approved.

LONDON, June 1.—The special dispatches from The Hague to the London morning papers agree that the American scheme meets with much favor as being eminently practical. Sir Julian Pauncefote, the head of the British delegation, has modified the British proposal and now suggests that the administrative council should not be international, but should be appointed by the government of the country where the permanent court assembles. According to the correspondent of The Daily News, the arbitration committee has unanimously recommended the American scheme to the conference.

No Armor at $300.

WASHINGTON, June 1.—Burnstine Bros. of San Francisco were the only bidders yesterday under proposals inviting steel works to furnish 24,000 tons of armor for our new navy. Their bid was impossible of acceptance, their price being above the congressional limit and deliveries to begin five years hence. The two concerns which have furnished armor in the past, the Carnegie and Bethlehem companies, declined to bid. The result simply indicates that, while this advertisement has been before the country for weeks and all the steel manufacturers were aware of it and had time to think it over, no one was willing to undertake the manufacture of the armor required at the limit set by congress. The ships for which the armor is required are the battleships Maine, Ohio and Missouri and the monitors Arkansas, Connecticut, Florida and Wyoming, for which the limit of cost for armor fixed by congress was $400, and the battleships Pennsylvania, New Jersey and Georgia and the armored cruisers West Virginia, Nebraska and California, limit of cost $300 per ton.

Found After Two Weeks.

ALBANY, June 1.—After being missing for two weeks the body of Frank Roarke of Rensselaer, aged 60 years, has been found in the river. It is supposed that he either walked off from the draw of one of the bridges or fell from one of the docks, as there were no marks of violence on the body.

FARMER, N. Y., June 1.—George Patrick, aged 57 years, of Covert Station was run over by a Lehigh Valley freight train yesterday near Covert Station and almost instantly killed.

A Narrow Escape.

Thanking words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs, cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God, I am saved and now a well and healthy woman." Trial bottles free at J. J. Chambers' drug store. Regular size 50c. and $1.00. Guaranteed or price refunded.

Over Two Hundred Thousand Trial Bottles Sent Free by Mail.

By special arrangement with the manufacturers of that justly famous Kidney medicine, Dr. David Kennedy's Favorite Remedy, the readers of this paper are enabled to obtain a trial bottle and pamphlet of valuable medical advice absolutely free, by simply sending their full name and post office address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., and mentioning this paper.

Of course this involves enormous expense to the manufacturers, but they have received so many grateful letters from those who have been benefited and cured of the various diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia and Chronic Constipation, and all weaknesses peculiar to women, that they willingly send trial bottles to all sufferers.

Upon investigation it was found that 91 per cent. of those who had used the trial bottle had received such benefit from it that they purchased large sized bottles of their druggists. It matters no how sick you are or how many physicians have failed to help you, send for a trial bottle of this great medicine, it costs you but a postal card, and benefit and cure will most certainly be the result. Put some urine in a glass tumbler and let it stand 24 hours; if it has a sediment or if it is pale or discolored, milky or cloudy, stringy or ropy your Kidneys or Bladder are in a bad condition. Dr. David Kennedy's, Favorite Remedy speedily cures such dangerous symptoms as pain in the back, inability to hold urine, a burning scalding pain in passing it, frequent desire to urinate, especially at night, the staining of linen by your urine and all the unpleasant and dangerous effects on the system produced by the use of whiskey, wine or beer. Dr. David Kennedy's Favorite Remedy is sold at all drug stores at $1.00 for a large bottle; six bottles for $5 00.

ON THE TIP OF THE TONGUE.

Years ago the late B. V. Wolf desired to get rid of a cat which had hung around the house for a long time, but every attempt to lose the cat resulted in failure. One day, when the late Daniel Murrin was a baggagemaster on the Erie, Mr. Wolf took the cat on the train with him and asked "Dan" to put the cat off at Paterson. "Dan" agreed to do so and Mr. Wolf went on to New York, satisfied that he had "lost" the cat at last. When he returned that night what was his surprise to find the cat sitting on the doorstep waiting for him. The story of the cat's wonderful intellect and speed was telegraphed to the New York papers and the story was copied all over the country.

Mr. Wolf never knew that "Dan" failed to put the cat off at Paterson, but brought her back to this city and released her.

Middletown's 24th band is just now at its very best. The membership is harmonious, the practice meetings are well attended and the quality of the music could not be improved upon. It is prettily uniformed and makes a fine appearance whenever it is out on duty.

The DeWitt Fife and Drum Corps contains four brothers named Harford, four brothers named Curran and two brothers named Eilenberger. These three families constitute more than half of the corps and make it almost a band of brothers.

Only fifteen days to bass fishing! The fish are dying at the reservoirs so fast, however, that the fun will probably be spoiled by the 15th of June. Now is the time when the taking of bass should be allowed.

Two snapping turtles were brought to Jacob Gunther, Wednesday, one of which weighed twenty-two pounds. They were hung up by the tails after being beheaded at 10.30 in the morning and though headless were very much alive at night. Turtles thus hung up will live fourteen days. They have remarkable vitality and it requires considerable strength to hold even the tail of a "dead" snapper.

DeWitt Camp Fife and Drum Corps members are having great fun over an incident which happened, Wednesday night, to one of the boys. A manufacturer of uniforms sent a fine cap for one of the boys, addressed to another. The latter opened the box and was examining the cap when the ice man,—no the ash man appeared. He replaced the hat in the box and carried it out to the back yard and placed it beside the ash heap, while he explained what he wanted done. Then he returned to his own work, forgetting the box with the cap in it.

The ashman shovelled the box into the cart with the rest of the stuff and not until evening was the cap remembered. Then the boys hunted up the ashman and learned that he had dumped the refuse near Columbia Park. A search there produced the box, but no cap was to be found. The searchers, however, found the father of the boy who found the cap, and the cap was recovered.

Standing beside Recorder Barnes' desk in police court is a big heavy looking club cane. It is an imitation blackthorn and just as dangerous in wrong hands. The police retained the club on the ground that no able bodied man of good intentions needed it.

M. DEROULEDE FREE.

Trial For Inciting Army Revolt Has Exciting End.

READY TO REPEAT HIS CONDUCT.

Several Arrests Made Among the Followers of the Released Frenchman Who Were Too Demonstrative In Paris Streets.

PARIS, June 1.—The trial of M. Paul Deroulede and M. Marcel-Habert upon a charge of inciting the army to insurrection upon the occasion of the funeral of President Faure in February last was ended yesterday by the acquittal of the defendants.

The closing scenes of the trial were of a decidedly theatrical character. When Maitre Falateuf had concluded his plea for the accused, M. Deroulede rose and thanked his "dear friends" for their excellent defense and concluded by declaring his readiness to repeat the words which had led to the violent scenes just previously witnessed.

M. Marcel-Habert next pleaded with the jury to acquit his comrade. If not, he said, he desired to be incarcerated with Deroulede rather than be free among the insulters of the army.

The jury was absent for 22 minutes, during which time the prisoners held a levee.

After the jury had pronounced the acquittal of MM. Deroulede and Marcel-Habert the audience rose en masse and invaded the dock, the jury box and other reserved parts of the courtroom, shouting "Vive Deroulede!" and "Vive le jury!" and singing "The Marseillaise."

MM. Deroulede and Marcel-Habert shook hands with every one, and finally M. Deroulede mounted a table and called for cheers for the jury.

As the republican guards led M. Deroulede out of the courtroom he was heard uttering threats as to his future action.

After their release MM. Deroulede and Marcel-Habert proceeded to the offices of the League of Patriots, where they harangued their followers. There were slight demonstrations in the streets, and the police arrested a few persons who were shouting "A bas Panama!" The crowds attempted to rescue them, but were quickly dispersed.

Double Death Penalty.

SOMERSET, Pa., June 1.—S. Peter Meyers was yesterday found guilty of murder in the first degree for shooting and instantly killing John Lenhart, who had been deputized by his brother, Nelson Lenhart, constable of Summit township, to assist in arresting the defendant for murdering Michael Karney at Garrett, this county, on Sept. 20, 1898. Meyers was found guilty of murder in the first degree Sunday morning for shooting Karney. The court will have to impose the death penalty twice on the prisoner. This is said to be without a precedent in the history of criminal jurisprudence in Pennsylvania.

Schley In Omaha.

OMAHA, June 1.—Rear Admiral Schley and wife arrived in Omaha at noon yesterday on the return from their western trip in company with General and Mrs. Manderson. The trip through Nebraska was one continuous ovation. The admiral made brief speeches at every stopping place, thanking the people for their welcome, which he took not to himself, but for the navy. At Metropolitan hall last night the admiral and his wife were guests of the Royal Arcanum. Several hundred persons were present, and the admiral spent an hour at the Creighton Orpheum theater and was wildly cheered by a large audience.

Chile at Peace and Prosperous.

SANTIAGO, Chile, June 1.—In his message to the Chilean congress on the opening of the summer session President Errazuriz asserts that the financial situation is prosperous and that Chile is at peace with the whole world. The revenues are given as 110,000,000 pesos and the expenses of the government as 102,000,000 pesos. The total imports are 102,000,000 pesos and the total exports 168,000,000 pesos. Senor Errazuriz proposes the construction of railways and the opening of schools for "practical education."

General Wheeler In Boston.

BOSTON, June 1.—General Joseph Wheeler was extended many courtesies during his stay in Boston, being tendered, among other things, an informal luncheon at the Union club by Governor Wolcott. Among those present were John D. Long, secretary of the navy; Hon. Richard Olney, former secretary of state; Hon. George H. Lyman, Lieutenant Governor W. Murray Crane, President George E. Smith of the Massachusetts senate, Speaker John L. Bates of the Massachusetts house and Hon. Josiah Quincy, mayor of Boston.

Masterton's Slayer Dead.

NEW YORK, June 1.—J. Neale Plumb, who shot and killed Alexander Masterton on May 3 in the Hotel Burlington, on Thirtieth street, was to have pleaded yesterday morning before Judge McMahon in general sessions to the indictment for murder in the first degree. Word was sent from the Tombs, where he was confined, that he was suffering from erysipelas and that he could not appear. The matter went over indefinitely. Later he was taken to Bellevue hospital, where he died at 8:30 p. m.

Much Gold Coming.

SEATTLE, Wash., June 1.—Advices from Dawson, dated April 29, state that there are evidences of the most wonderful output recorded. Five thousand men are in waiting at Dawson to take the first boats up the river, and most of them are miners, with from $4,000 to $50,000 each in dust. The White Pass and Yukon Railroad company has issued bills of lading on more than $1,000,000 worth of gold that is to come out on one of the first river steamers.

Dynamite Failed to Explode.

PAVILION, N. Y., June 1.—Some unknown person or persons placed a dynamite cartridge in front of Bond Bros.' general store. A lighted cigar was used to set fire to the fuse, which fortunately went out just before it reached the cartridge, which was large enough, had it exploded, to have broken every window in the business part of the town.

German Shipbuilder Killed.

BERLIN, June 1.—The director of the Germania shipbuilding yards at Kiel, Herr Hagen, fell yesterday from the baptismal platform of the Ersatz Kaiser Wilhelm, which is to be launched today, and was instantly killed. One of the engineers, a man named Kranich, was killed by the falling of an elevator.

Fourteen Buildings Burned.

CAMBRIDGE, Mass., June 1.—Shortly after noon yesterday a fire broke out in a shed on Sidney street, Cambridgeport, owned by Bridget O'Hara, and before it was controlled 14 buildings, including several dwelling houses, were destroyed. The flames raged for nearly two hours before the firemen gained control. The loss is estimated at $50,000.

A Low Death Rate.

ALBANY, June 1.—The state board of health bulletin for the month of May shows that 10,383 deaths were reported, representing a daily mortality of 346, which is 11 less daily than in March. The daily rate for the first three months of the year was 380, showing a saving this month of 1,000 deaths from the rate of mortality of the preceding quarter.

One of a healthy woman's principal charms is her vivacity of carriage—the dainty, springy steps with which she walks. The woman who suffers from weakness and disease of the distinctly feminine organism, who is troubled with backaches, stitches in the sides, dragging down or burning sensations, sick headaches and the multitude of other ills that accompany these disorders, cannot have the dainty, bounding carriage of a healthy woman. She will show in every movement that she is a sufferer.

There is a wonderful medicine for troubles of this description, that has stood the test for thirty years, and has been used successfully by many thousands of women. It is Dr. Pierce's Favorite Prescription. It acts directly on the delicate and important organs concerned and makes them strong, healthy and vigorous. It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It is the discovery of Dr. R. V. Pierce, an eminent and skillful specialist, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. This is one of the greatest medical institutions in the whole world. During the thirty years that Dr. Pierce has been at its head he has gained the unbounded respect of his fellow citizens at Buffalo, and they showed it by making him their representative in the National Congress, from which position he resigned to give the remainder of his life to the practice of his chosen profession. He will cheerfully answer, free of charge, any letters written to him by suffering women. Address, as above.

"A few years ago," writes Mrs. W. R Bates of Dilworth, Trumbull Co., Ohio, "I took Doctor Pierce's Favorite Prescription, which has been a great benefit to me. I am in excellent health now. I hope that every woman, who is troubled with 'women's ills,' will try the 'Prescription' and be benefitted as I have been."

"Life Renewer" for Ladies.

Olivia Peterson, of Coldwater, Mich., writes: "I had not been able to sit up half day at a time for thirteen years until I used the Mystic Life Renewer. It has cured me of nervous troubles, headache and a very bad stomach. It has helped me in so many ways, and cured me of afflictions that the doctors said could not be cured. The blessed Life Renewer has done more for me than all the patent medicines, doctors and christian science treatments combined. It is the most wonderful medicine I ever saw."

THE NEW YORK WORLD

THRICE-A-WEEK EDITION.

Practically a Daily at the Price of a Weekly.

The striking and important events of the last year have established the overwhelming value of *The Thrice-a-Week World* to every reader. For an almost nominal sum it has kept its subscribers informed of the progress of all our wars, and, moreover, has reported them as promptly and fully as if it were a daily. With our interests still extending throughout the world, with our troops operating in the Philippines, and the great Presidential campaign, too, at hand, its value is further increased.

The motto of *The Thrice-a-Week World* is improvement. It strives each year to be better than it was the year before, and public confidence in it is shown by the fact that it now circulates more than twice as many papers every week as any other newspaper, not a daily, published in America.

We offer this unequaled newspaper and THE MERCURY together one year for $2.

The regular subscription price of the two papers is $2 50.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.
